Re: Complaint, 09-C&E-15

Dear Ms. Schamp:

This letter is in response to your letter dated September 16, 2009, in which you requested further detail to my earlier responses. As stated previously, this was not a formal poll conducted on behalf of Sid Leiken but rather an unscientific, information gathering type survey or poll. I am providing you the information requested to the best of my ability.

However, since the survey was conducted more than six months ago I do not currently have all the specific information you are requesting.

1. When was the poll created/drafted? Drafted February 15, 2009. Executed February 17-19, 2009.
2. Did you draft the poll? The survey questions were dictated by Sid and recorded by me. Those questions were provided to you on July 17, 2009 as Exhibit 6. No other documentation exists.
3. How was it determined who to poll? I used the telephone book and randomly selected numbers for Springfield residents. For a worksheet I used a tally mark system on a plain sheet of paper that was not retained. I used a disposable/single use phone to retain my privacy, as my cell phone is my only personal phone line. The cell phone account was closed over 5 months ago and the phone company does not retain phone records for closed accounts, therefore phone records are not available.
4. Did you employ anyone to assist you? No one else was employed to make these calls.

I do not have any additional information to provide you as I did not retain any additional working documents related to conducting this survey.

Sincerely,

Glenda Leiken
